Re: Request of Extension, Ash Grove Cement Company, Leamington Quarry, M/023/004, Juab County, Utah

Dear Mr. Crutchfield:

On December 8, 2000, we received your letter wherein you requested a 60 day extension to provide a response to our October 6, 2000 review of the revision for the Leamington Quarry. We also received the CD Rom disk and have returned it to Doug Jensen.

The Division understands the complexity of the permit revision and, therefore, will grant your request for another 60 day extension. Please provide your response by February 15, 2001

Your letter referred to this project as the Hank Allen Quarry. Please advise us if you want the file name changed from the Leamington Cement Plant to Hank Allen Quarry.

Thank you for keeping us apprised of your situation. If we can provide further assistance, please contact me or Tom Munson.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
